PT Activity - Using the ping Command

LATEST SUBMISSION GRADE

100%

1. PT Activity – Using the **ping** Command   `1 / 1 point`

   A small business owner learns that some users are unable to access a website. All PCs are configured with static IP addressing. Use the ping command to identify the issue.

   Download and open the **.pka file Using the ping Command** from the link below.

   You can open the .docx to preview the steps that will be required to complete the activity.

   Complete the activity and answer the questions in this quiz.

   Packet Tracer PKA (.pka)

9.2.3.3 Packet Tracer - Using the Ping Command.pka

   Packet Tracer Instruction Preview Sheet (.docx)

9.2.3.3 Packet Tracer - Using the Ping Command.docx

   Learning Objectives

   Use the ping command to identify an incorrect configuration on a PC.

   Required Resources

   Windows PC with Packet Tracer installed
